Dear Mr. Ferrater,

It's rather late, but I did want to tell you that I enjoyed your film-showing at Erdman.

My reaction after seeing experimental movies, as after attending a ballet, is somewhat vague; I imperfectly try to reconstruct the visual juxtapositions and reconcile these images with my emotional responses. But if my appreciation was less than adequate, I had a very good time watching the films.

Thank-you for showing them.

Sincerely,

Eleanor Wood
