Dear Tom,

Thank you for your letter of July 5 and for the copy of your video, WE ARE ALL NOAH.

Priscilla and I liked this video very much. Among its virtues I wish to mention two: it is concise and to the point; it is perfectly targeted. A number of the points made for the religious world are also pertinent for the secular world; after all, it may happen that there is only one world. The video es professionally and technically flawless.

I enclose herewith copy of the letter I sent to Mr. Lynch, Gedisha, Barcelona. Sorry for the delay. As you may see, I highly (and sincerely) recommend your book.

We are leaving for Argentina the 7 and will back the 27.

With best wishes,
