Dear Professor Ferrater Mora:

Thank you for suggesting the name of Professor Manuel García Pelayo for the Spanish article on Society. I have written to him inviting him to contribute that article to our special number on Society.

I want to take advantage further of your offer of assistance with respect to authors of the Spanish articles. We have no firm commitment on the following concepts: Democracy, Right, Force, Security, Common Good, and Institution. Is there any one of these concepts on which you would like to work yourself? I shall be very happy to give you a choice among them. I would also appreciate your suggestions concerning possible authors for the others. In particular, the name of Dr. José Medina Echavarría, who is at present at the University of Chile in Santiago de Chile; do you know anything about him? And would you recommend him for any of the listed concepts?

I would appreciate very much any suggestion that you might be able to make.

With best wishes,

Yours sincerely,

Richard P. McKeon
