My dear Professor Ferrater Mora:

We thank you very much for your courtesy in returning the Membership Data form, meticulously filled in. Your first book, published so early, has an intriguing title and I am wondering if the subject matter can possibly be philosophy; it rather sounds like a collection of articles. Another work, that on Catalan forms of life, appeals greatly to me personally, since Barcelona is my favorite city. The Library already has in its collection the first editions of your books on Ortega and Unamuno. If by any chance you should have copies of other works available, or be able to tell us where they might be obtained, the Library would be most grateful.

We hope that a photograph will be available some day; we should be pleased to add it to our "Members' Portrait File".

Yours very sincerely,

Alice J. McVan
