Department of Philosophy

Dear Professor Ferrater:

It was most kind of you to acknowledge the paper on "Literature, Area Study and Hispanic Culture." I think your point is very well taken, that there may not be a substantial connection between the theory of esthetic analysis and that of cultural description. My hope is that some of the "norms" actualized in literary works, and in other art-works, will be related in enough cases to the themes of method, world picture, and value actualized elsewhere in a culture, to permit comparison of the approaches to the two kinds of entity.

With cordial thanks,

Sincerely yours,

Howard Lee Nostrand
Executive Officer
