U S A

Dear Professor Ferrater:

Thank you very much for your kind letter of August 6, 1973, and in particular for sending me a copy of INDAGACIONES SOBRE EL LENGUAJE and LA FILOSOFIA ACTUAL together with offprints of recent papers. I am very glad to have them and most grateful to you for sending them.

I was delighted to hear that you are interested in my CONTEMPORARY SCHOOLS OF METASCIENCE and found my paper in research theory (in SYSTEMATICS) congenial. In April 1973 a paper-back edition of the second edition has been published by Henry Regnery in Chicago. It includes an earlier version of the paper from SYSTEMATICS. (If you would ask Henry Regnery Company, 114 West Illinois Street, Chicago 60610, for a review copy or an examination copy, they would certainly be pleased to send one. (I only got two "author copies" from them.))

Thanks to the great kindness of our common friend, Professor Jacobo Muñoz, a Spanish translation is in progress; and the Spanish edition of the book will appear <sup>in</sup> the series edited by Prof. Muñoz for Grijalbo in Barcelona. (Incidentally, the paper on traditions will shortly appear in REVISTA DE OCCIDENTE, and with your permission I will send you an offprint when it has been published.)

In this connection I would like to ask you a favor: I would like to add in the Spanish edition of the said book some references to important recent works in the philosophy of science which have appeared in <sup>the</sup> Spanish language, in particular to your work. Could you please send me a copy of your List of Publications, and, if possible, mark on it those items which you think would be particularly

relevant for that purpose?

I am really looking forward to your book CAMBIO DE MARCHA EN FILOSOFIA.  
If you should come in the vicinitude of Bochum, please let me know!

With all the best wishes and kind regards,

Yours very sincerely,
