Dear Professor Ferrater Mora:

This is a belated response to your letter of March 17 to Dr. Kenneth W. Thompson. There is no good excuse for the delay except that your letter happened to come at a time when Dr. Harrison was planning to leave the Foundation and go to the University of Texas. Since his departure has coincided with a good many developments jointly between his and my operations in Latin America, I simply must confess that he only got to your letter in the last week or so and sent it on to me with a few handwritten comments.

I have looked briefly over the backpile of correspondence with you and would like to suggest that perhaps in August or September, if you could get in touch with me, we could arrange a meeting in New York. I should like very much to get acquainted with you and discuss your work and some of our operations in Latin America.

Sincerely yours,

Charles M. Hardin
