

12-7-65

Dear Mr. Ferrater Mora.

Enclosed is the flyer on the Lecture Series. I apologize for editing some of your lecture description without checking back with you, but time was of the essence. I hope this meets with your approval.

We divided responsibilities between the two sponsoring clubs very neatly: Fairfield County will provide the housing the night before the meeting, and Westchester County luncheon afterwards. We thought, however, before we became too carried away with hospitality, that it would be better to check with the three of you to see what would fit in with your schedules. Therefore, if you would check the enclosed card and return to me, we can plan accordingly.

If you would like to spend the night preceding the lecture, train service being what it is + January weather being what it is, this can be easily arranged, and, as a matter of fact, several alumnae have already offered their houses. We would love to have your wife come too, if she would like.

We're tremendously excited about this series and so very appreciative of all your time and effort on our behalf. My 15<sup>th</sup> Reunion comes this next spring, and I must say that Bryn Mawr legacy of "the splendid vision of scholarships" becomes ever stronger.

All best wishes for the Holiday Season.

Sincerely,

[signatura]
