Dear Professor Fenstermaker,

Having received your letter of June 4
I yesterday mailed to Mrs. Blesoe ~~two~~
four chapters of the translation manuscript
- chapters I, II, and V, ~~with~~ my
carbon copies and Chapter III a first
copy. I of course substituted the
new pages at the beginning of Chapter I
for the old ones.

I shall be better able to set a
date for the resumption of work when
I shall have heard from the Botolph
Foundation. I expect to hear from
them during the course of this
month.

With best regards,

Yours sincerely

Wilbur R. Trues
