

10 west St.
Northampton, Mass.
June 10, 1956

Dear Professor Ferrater Mora,

Having received your letter of June 4, I yesterday mailed to Mrs Bledsone the four chapters of the translation -chapters I, III, and V using my carbon copies, and chapter III a first copy. I of course substituted the new pages at the beginning of Chapter I for the old ones.

I shall be better able to get a date for the resumption of work when I shall have heard from the Bollinger Foundation. I expect to hear from them during the course of this month.

With best regards,

Yours sincerely,
[signatura]
