Dear Professor Ferrate - Mora,

I would like to have you come  
sometimes to Pittsburgh. As a matter  
of fact I would like very much to  
give my grad. students an opportunity  
to hear your views upon Death in  
the framework of my course: "Time  
and Body" but I have no funds  
available for such purpose.

Should you however be by chance  
in P. on a Tuesday or Wednesday  
and be willing to give a talk  
for us I would be extremely pleased  
and grateful.

W. II. 68.

With best regards

Yours sincerely
