Dear Professor Ferrater-Mora,

I wonder whether you come sometimes to Pittsburgh. As a matter of job I would like very much to give my grad. Students an opportunity to hear your views upon Death in the framework of my course "Time and Body" but I have no funds available for such purpose.

Should you however be by chance in P. on a Tuesday or Wednesday and be willing to give a talk for us. I would be extremely pleased and grateful.

With best regards

Yours sincerely

Love to Isabel [*Stearns?*].
