Dear Dr. Ferrater:

Thank you for confirming your willingness to participate in the symposium on José Ortega y Gasset that is to be held in the Library of Congress September 30 and October 1, 1982. In a recent meeting with Doña Soledad Ortega, José Varela Ortega, Jaime Benitez, and representatives of the Embassy of Spain and of various U.S. universities, a tentative program was developed, a copy of which is enclosed.

You will note that the topic which we would like you to develop is "Ortega's vision of the future (Ortega y su visión del futuro)." You will also note that we are planning to ask Javier Mugüerza formally to comment on the paper.

Yours will be the first paper in the afternoon of the second day. We feel that you should be able to develop it rather fully in the 45 minutes allotted for the formal presentation. Should you wish the written version to be longer, however, please feel free to make it so.

As I indicated in my earlier letter, the Fundación Ortega is handling all financial arrangements. They will be contacting you regarding details.

I look forward to your participation in the symposium.
