Amigo Ferrater:

Greetings a best wishes. It was my understanding, on my return form Moscow, that the papers presented at the Syracuse Symposium should be sent to Manuel García, but I have not been able to locate an address from him. On suggestion of Jaime & Helen Reed, therefore, I am forwarding these remarks to you and hope that you can pass them on to the proper person for publication in Hispanic Journal.

Many thanks for your attention.

Abrazos y recuerdos,
