
HISTORY OF LOGIC COLLECTION
Main Building Room 2202
The University of Texas
Austin, Texas

Dear Sir,

We are interested in completing our History of Logic Collection and we would appreciate your sending us special offers in this field, ranging from manuscripts, incunabula, early printings to 19th century or rare 20th century publications, in any language. We are also interested in duplicating items already available in some other collections of The University of Texas, if the offers are reasonable.

We take the liberty of drawing your attention to the fact that books relevant for our collection may have quite different titles, such as "Commentaria in Aristotelis Organon," "Dialectica," "Vernunftlehre," or, simply, "Logica." We prefer, rather than catalogues, special lists with prices indicated, sent to us by air mail.
