Dear Mr. Ferrater Mora,

I would greatly appreciate your writing a letter of recommendation for me to the University of Pennsylvania Graduate School of Arts and Sciences.

I am making application for admission and financial aid in the department of the [History?] and Philosophy of Science (Mr. Loren Eiseley, Chairman).

The form requests references to discuss "characters, industry, intelligence, originality, and other pertinent qualities. (!!) Thank you very much; I am really quite anxious to enter there and your assistance is most helpful.

Yours,

[Signatura]
