Dear José,

As H.K. (my husband) is being considered for President of Northeastern University I am once again looking for a job in the Boston area. The Chairman of the department at UMB has written asking me for three letters of recommendation. I would appreciate it very much if you would write on my behalf. The address is:

Professor Robert J. Swartz  
Chairman Philosophy Department  
University of Massachusetts, Boston  
Harbor Campus  
Boston, Massachusetts 02125

They seem to be interested in a Jack (or Jill)-of- all trades.

Please, don't mention this to anyone. I certainly don't want anyone to know here. After all, he may not get the job. But if he does I would like to have one, too.

Anxiously awaiting your visit. Hope you have time to do me this favor. I would appreciate it very much.

As ever,

[Signatura]

P.S. A copy of my resume is enclosed
